Education

Computer Science and Engineering, Seoul National University Doctor of Philosophy in Computer Science and Engineering Thesis: Improving the Usability of Static Analyzers [1] Advisor: Prof. Kwangkeun Yi	Mar 2009 – Feb 2016
Computer Science and Engineering, Seoul National University Bachelor of Science in Computer Science	Mar 2005 – Feb 2009

Research Interests

My research interest spans all aspects of programming systems with the goal of improving software quality and programmer productivity. In particular,

- ▶ Sound, Scalable, & User-friendly Static Analysis [1, 2, 3, 4, 5, 6, 7, 8]
- ▶ Scalable Automated Program Generation [9, 10, 11]

Experience

Hanyang University Assistant Professor	Sep 2018 – present
University of Pennsylvania Post-doctoral Researcher Advisor: Prof. Mayur Naik	Jan 2017 – Aug 2018
Georgia Institute of Technology Post-doctoral Researcher Advisor: Prof. Mayur Naik	Mar 2016 – Jan 2017
University of California, Berkeley Visiting Student Advisor: Prof. Dawn Song	Jul 2012 – Nov 2012
Fasoo.com Intern Advisor: Dr. Kyujin Cho	Jul 2010 – Aug 2010

Publications

Author names annotated * indicate co-first authorship for papers where multiple authors made equally significant contributions.

Software

I have contributed as a main developer to the following open-source software:

- ▶ Sparrow: a static analyzer for C program
<http://www.github.com/ropas/sparrow>
- ▶ Euphony: a probabilistic model-guided program synthesizer
<https://github.com/wslee/euphony>
- ▶ Chisel: A System for Debloating C/C++ Programs
<https://chisel.cis.upenn.edu>

Patents

- ▶ Copyright information inserting system and method (Registration No. (date): 1010971040000 (12/15/2011))
- ▶ Electronic apparatus for determining whether program comprises malicious code and method for controlling thereof (Application No. (date): 10-2015-0055481 (04/20/2015))

Academic Activities

Program Committee (PC) members

- ▶ ESOP 2020: European Symposium on Programming
- ▶ PLDI 2019: 40th ACM SIGPLAN Conference on Programming Language Design and Implementation

Reviewer

- ▶ IEEE Transactions on Software Engineering
- ▶ ACM Transactions on Programming Languages and Systems
